Meeting to end at noon and we would break for lunch. So yes, 1 pm with lunch is right.

Phong

Hi Micka,

Thanks! Hope you had a nice weekend as well.

The meeting will start at 10:00. Tentatively starting at 10:30, we will have the Member Updates. There are seven items under this category. Currently, the Anacostia TMDL Revisions items is second of seven. I have allocated 30 total minutes for the Anacostia TMDL (Toxics and Trash) revisions. Below is a brief description of the agenda item description. Let me know if the time and description works.

“EPA will provide an update on their collaborative effort to develop revised TMDLs in the Anacostia Watershed for a suite of Toxics. In addition, the group will provide an update to the revised TMDLs for trash in the Anacostia Watershed.”

Thanks Phong

Hi Phong,

I hope you had a nice long weekend. Do you have any updates on the timing for this meeting?

Thanks,
Micka

Yes,

It is the AWMC meeting on Thursday, June 6 here at COG. I am working on the agenda. An informal report out to the Committee would be good.

I'll check back with you

Ed/Phong,

We have been given the greenlight to attend this meeting. What's the timing?

Phong- I'm assuming this is an AWMC meeting, is that right? I'm also assuming that you are looking for an informal report out on progress rather than a powerpoint. Correct? Let me know.

Thanks,
Micka

Hi Ed,

Thanks for following up and thanks to Phong for the willingness to provide space. We'll have to talk more about timing, but it is good to know that there are options in September.

Let me check with our management to see if we could give the report out on toxics and/or trash. I will get back to you.

Thanks,
Micka

Hi Micka and Jillian,

I talked with Phong and there is availability in COG's large training room (about 80 people) for the trash TMDL endpoint discussion with stakeholders. There is availability all day on September 2, 3, 13, 16, 17, 23, 26, 27, and 30.

Phong was also interested in getting a status update on both toxic and trash TMDL revisions at the Anacostia June 6th meeting. Jillian you presented at this meeting in the past when you talked about the toxic TMDLs.
